REPaperless is a system custom-designed by Keller Williams agents, MCA's and staff. It's a system that naturally works the way we do.

The REPaperless system is dynamic and its features and benefits continually grow with your office and agents.

The REPaperless system is custom-built and maintained by REMicrotools, a Keller Williams agent owned company.

Comments

...the REpaperless system provides everything we were looking for in cost reduction, accessibility, accountability, communication, ease of use by agents and staff. The system is paying for itself several times over each month! We give it a 100 percent endorsement.

Nancy Wunderlick, MCA, KW Frisco Stars—Frisco, Texas

The paperless system is already saving us at least \$500 a month in hard costs – probably more. The paperless system has been of TREMENDOUS benefit to the Keller Williams/Dallas Preston Road office. I actively encourage any MCA to look into obtaining it for their own market center.

Elaine David, MCA, KW Dallas Preston Rd.—Dallas, Texas
